SUBJECT: Qualification Removal, MIL-PRF-55110, MIL-P-50884, CAGE Code: 0CA49

Ms. Julie Hill
Futura Circuits Corporation
11950 - 28th Street North
St. Petersburg, FL 33716

Dear Ms. Hill:

The following qualifications have expired or are being removed. Futura Circuits must not take contracts, build, or test product to MIL-PRF-55110 or MIL-P-50884 requirements. Since May 6, 2004, when we sent letter DSCC-VQE-04-6248, Futura has been under a stop/production stop/shipment for the above specifications.

Qualification Reference	Material & Type	Date of Expiration
55110-050-112904*	3, GF	November 29, 2004
50884-051-052104	T2 Adhesive	May 21, 2004

Please note, even though Futura Circuits Corporation is removed from qualification, you must still comply with the requirements of paragraph A.3.9 of MIL-PRF-55110F, which states: "... traceability shall be available for review ... for a minimum of 3 years after delivery of printed wiring boards." This includes all required coupons and documentation. The same traceability requirement applies to MIL-P-50884.

Please contact Bill Werman at bill.werman@dla.mil or 614-692-0631, for detailed information on requalification.

Sincerely,

/SIGNED/
